Effective character education improves academic achievement, strengthens students' self-esteem and life skills, and reduces disciplinary problems.

The latest in CEP's nationwide series of training institutes, the February 12th session will provide attendees with the tools, techniques, and capability to create an effective character education curriculum in their schools. Basic guide will be CEP's widely respected *Eleven Principles of Effective Character Education Sourcebook*.

The nonsectarian and nonpartisan Character Education Partnership (www.character.org), headquartered in Washington, D.C., is the national advocacy leader for character education.
